

# You Be the Wedding Planner

## General Guidelines

You will create a notebook that shares all the plans for your wedding, including pictures, artifacts, and budget. This notebook is due the day after the last class work day.

The Wedding Planner Notebook should include:

- Pictures of any items chosen for the wedding or reception organized in a visually pleasing manner.
- Printed copies of the Invitation, RSVP card, and Wedding Program created on Publisher.
- A printed spreadsheet budget with a grand total from Excel or Acrobat (spreadsheet).

Items to Create/Print in Publisher	
Done	Item
	Wedding Invitation
	RSVP Card
	Guest Program for the Wedding

### Additional Information:

- You must begin with a response (200+ words) that describes your initial plans for the wedding such as color schemes and general feeling. Have Mrs. Pennington initial your scoring guide when your response is done.
- There is no set budget for the wedding.
- You will use Internet Sites or call local vendors to find prices for items.
- There are a few mandatory items that must be included in your budget. They are specially marked on the Budget items page.
- Imagine that you are a wedding planner and that the notebook is what you will be sharing with your client. It should be neat and visually pleasing.
